

Module 11: Dental

Module Objectives

After this module, you should be able to:

- Describe the Active Duty Dental Program (ADDP)
- Explain the TRICARE Dental Program and who is eligible
- State how premiums are determined for the TRICARE Retiree Dental Program

Active Duty Dental Program (ADDP)

- The Active Duty Dental Program (ADDP) provides active duty service members (ADSMs) private sector/civilian dental care to ensure dental health and deployment readiness
- The ADDP is available in the United States, U.S. Virgin Islands, Guam, Puerto Rico, American Samoa, and the Northern Mariana Islands
- United Concordia (UCCI) is the ADDP contractor, responsible for administering the program to eligible service members and tracking ADSM dental readiness

ADDP Eligibility

- The ADDP is only available to:
 - Active Duty Service Members (ADSMs) of the:
 - U.S. Air Force
 - U.S. Army
 - U.S. Coast Guard
 - U.S. Marine Corps
 - U.S. Navy
 - National Guard/Reserve members called or ordered to active duty for more than 30 consecutive days and “Early Activators*”
 - Line of Duty (LOD) Service Members
 - Eligible foreign military personnel members
- Family members and other dependents are not eligible for this program

***NOTE:** Early Activators are certain members of the National Guard/Reserve who are issued delayed-effective-date active duty orders for more than 30 days in support of a contingency operation; they are eligible for “early” TRICARE medical and dental benefits beginning on either: (a) the date their orders were issued or (b) 90 days before they report to active duty.

ADDP Overview

The ADDP has two distinct components:

Dental Treatment Facility (DTF) Referred Care:

- Authorizes dental coverage for ADSMs referred to a civilian dentist by the DTF

Remote Active Duty Dental Care:

- Private sector/civilian dental coverage for ADSMs who reside and work (duty location) greater than 50 miles from a military DTF

Receiving Care under ADDP: DTF-Referred Care

- Service members that are referred to a civilian dentist by the military dental treatment facility (DTF) must take an informational flyer and a Referral Request Confirmation page to the dental appointment
- The Referral Request Confirmation page has a referral number and an appointment control number (ACN) listed, both of which are required prior to receiving dental care
- If the ADSM does not receive a referral ACN before getting care, the dental claim may be denied

Receiving Care under ADDP: Remote Dental Care

- Remote ADSMs can coordinate their own routine dental care/procedures, as long as the treatment is less than \$500 per procedure or appointment, or the accumulative total is less than \$1500 within a consecutive 12-month period
- The remote service member must complete an online Appointment Request Form to coordinate getting a civilian dental appointment
- Once the form is received by United Concordia, an appointment control number (ACN) is assigned and an appointment can be made
 - The ACN must be obtained prior to receiving dental care or the dental claim may be denied

ADDP Claims & Payment for Services

- ADSMs must use a network provider to receive benefits under ADDP
 - If a network dentist is not available, the ADSM or the DTF must contact the ADDP contractor to receive authorization to use a non-network dentist
- Network dentists complete all treatment documentation and submit it with the claim for payment
- Claims must be received by the ADDP contractor for processing within 12 months after the month the service was provided or claims will be denied

 - National Guard and Reserve service members not on active duty status
 - Family members of National Guard or Reserve members, including the Individual Ready Reserve (IRR)

 - **Family Plan:** Includes two or more eligible family members
- A National Guard/Reserve sponsor cannot be included in the family plan and must enroll independent of their family members

TDP Special Types of Enrollment

- Under the TDP family enrollment plan, all eligible family members must be enrolled, except in the following situations:
 - **Children under the age of 4** may be voluntarily enrolled at any time
 - Children are automatically enrolled on the first day of the month following the month they turn 4, as long as there are other family members enrolled
 - **Split enrollment** may occur when a sponsor has family members residing in two or more locations (e.g., children who are attending college away from home or living with a divorced spouse)
 - The sponsor may choose to enroll only the family members residing in one location

TDP Special Types of Enrollment

- Sponsors and family members cannot be covered under two different TDP contracts – meaning two sponsors cannot enroll the same family members
 - For example, if both the husband and wife are service members, two sponsors cannot enroll each other as a family member
- Enrollment in TDP is complete for the family and/or eligible Guard/Reserve sponsor once:
